September 11, 2026

For over 70 years, the Our Lady of Lourdes Fall Festival has kicked off autumn in Irvington. This event has seen many iterations throughout the decades, but the joys and benefits always remain, community-building, welcoming the greater neighborhood to learn more about our Catholic Community, and family-friendly fun, to name a few. The committee works so very hard to put on a great experience, and now it's time to pitch in to help ensure it all comes together in the best way possible. Please consider volunteering. One easy way is to contribute to the homeroom class themed basket that will be auctioned off. Watch for information from your children's teacher about what items will be collected for the baskets. The Sign-Up Genius link below will take you to a list of the many other ways you can help. The festival helps support our school financially and by providing a fun gathering spot for our families. Hope to see you there!
